

Internet Safety Contract

- I will NEVER give out personal information while I am online. This includes my name, age, address, telephone number, school, family information, passwords, online surveys, or anything else my parents disagree with.
- I will ALWAYS tell my parents if I find any uncomfortable stuff while I am on the internet. This includes bad words and pictures, mean threats, or anything that makes me feel scared or weird.
- I understand that bad people can be very good at pretending to be a friend of your age. I will NEVER talk to strangers or agree to meet anyone that I do not know.
- I will NEVER send pictures or videos of myself or others through the internet, email or texting.
- If someone sends me a mean message I will ALWAYS ignore it and tell my parents. I will not respond to the message.
- I will NEVER say anything to someone online that I wouldn't say in person or that I wouldn't want them to say to me.
- I promise to ALWAYS follow the rules my parents set for me.
- I will ONLY chat with friends that my parents approve.
- I will NEVER go online at a friend's house without my parent's permission. If I have permission to go online at a friend's house then I will still follow the rules.

I understand that using the Internet is a privilege and my parents have installed bsecure online filtering software because they care for me. I understand that if I break the rules my parents give me then I will lose my internet privileges.
